

Kangarillo Data Sheet

The Kangarillo Hand Dryer is a pioneering **eco** hand dryer that dynamically uses a tornado of fast flowing air to blast wet hands dry in only 10 -15 seconds.

The Kangarillo hand dryer, is made from top grade Stainless Steel and is the ultimate ultra-fast wall hand drying unit on the market today.

Recent major advances in hand dryer technology have given much more emphasis on high velocity air flow, minimising hand drying times and massively lowering energy consumption. This combination of benefits reduces the running costs by so much that in most normal circumstances the units will pay for themselves in under 1 year - now that's incredible!

The NEW Kangarillo hand dryer is an ultra-fast hand dryer featuring a small wall 'footprint', contemporary design and offering exceptional ultra-fast hand drying performances whilst saving energy.

Technical Specification

Operating Voltage	220-240 Vac, 50/60 Hz, 1.4 KW
Warm Air Speed Output	100 m/S
Motor Type	950W, Brush Type, Dual Ball Bearings
Motor Overload protection	Motor assembly designed with over current fuse, replaceable.
Heater Element	450W
Heater Thermal Protection	Auto Resetting Thermostat turns unit off at 85°C {185°F}; Thermal fuse cut unit off at 150°C {288F}
Drying Time	8 – 10 seconds drying time
Circuit Operation	Infrared Automatic, self-adjusting
Timing Protection	60 seconds auto shut off
Drip proof	IPX1
Isolation	CLASS 1
Net Weight	4.5 kg [9.0 lbs]
Unit Size	288 mm W x 320 mm H x 171 mm D
Warranty	3 Years Parts (1st Year Parts + Labour)
