

Windsor Dryer

Technical Spec Sheet

Energy Consumption	Dry Time	10 secs
	Power Rating	1.4 KW
	Watts Per Dry	3.89 W
	Cost Per Dry	0.0005p
	Rated Voltage	AC220-240V 50/60Hz
	Warm Air Temperature	20-40 °C

Performance	Dry Time	10 secs
	Motor RPM	25,000rpm
	Air Speed	110 m/s

Noise	Decibel Rating	78dB
--------------	----------------	------

Hygiene	HEPA Filter	No
	Anti-bacterial surface coating	No
	Standard motor filter	No
	No-touch sensor operation	Yes

Long-life	Guarantee years	1
	Expected motor life	500,000 uses

Electrical & Safety	IP rating	IPX1
--------------------------------	-----------	------

Construction	Weight	4.4 KG
	Material	Aluminium or Stainless steel cover

Certification	CE
----------------------	----

Mounting Instructions	Bottom of dryer 1200 mm from the floor (lower for disabled and children's washrooms)
------------------------------	--

Dimensions	W295 x H320 x D165
-------------------	--------------------
