

WASTEPAPER BINS **GW06.06.04.01 Push wastepaper bin 40L**

Product description

Push pressure lid wastepaper bin
AISI 430 stainless steel main body
AISI 201 stainless steel lid
Finish: Brushed
Capacity: 40 litres.

Technical specifications:

40 litres push pressure lid wastepaper bin. The product consists of a main body and a cover. The main body is manufactured with AISI 430 stainless steel sheet. The cylindrical body incorporates a plastic rubber on the bottom to avoid scratches and noise when it is moved. The cover, manufactured with AISI 410 steel, includes in its front part a lid with a hinge which is push activated. The edges are bended to provide a higher security during the use and to avoid injuries. The bin has a brushed finish that ensures adequate resistance to corrosion. The total dimensions of the product are 770x350 Ø mm. The reference is GW06.06.04.01, manufactured by GENWEC WASHROOM, S.L. - Av. Joan Carles I, 46-48- L'Hospitalet de Llobregat. www.genwec.com.
