LED SIDELIT MIRROR

B-1691

For Sale in UK, Europe and Aus.
Not for sale in the U.S. or Canada

STANDARD B-1691 MIRRORS

OVERALL SIZE

MODEL NO.	W	H	Lumens	Wattage
B-1691 3040	30" (762mm)	40" (1016mm)	1,450	14

Designer's Notes:

1. Mirrors are manufactured to a ± 1 mm.
2. For sufficient space to lift mirror onto key hole slots allow 25 mm.

MATERIALS:

Glass — 5 mm thick safety mirror with 0.14 mm PVC film backer with frosted sandblasting.

Extruded Back — Aluminium channel with mounting holes.

TOOLS NEEDED (Customer Supplied):		
Toggle Bolts (optional)	Tape Measure	Electric Drill

SAFETY INSTRUCTIONS:

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- Do not install any luminaire assembly closer than 152 mm from any combustible materials.
- This power supply must be installed according to the National Electrical Code and local building codes.

continued . . .

INSTALLATION:

Mark the location of the wire exit and mounting holes. See individual product specifications for mounting hole locations. Install a duplex receptacle (not provided).

The mirror comes with three 76.2 cm long, 90° three-prong plugs (UK, EU, AUS) for respected plug-in installations, so the outlet should be installed a few inches away from the wire exit. Locating it too close to the wire exit may interfere with the power supply housing and prevent the mirror from being plugged in properly.

Install mounting screws into pre-marked holes. It is highly recommended that all mirrors be installed in contractor supplied blocking, however, drywall anchors may be used if no blocking is available.

For added safety, Bobrick recommends the 1400 mm x 650 mm or larger edge lit mirror only be installed in blocking. If blocking is not available, drywall toggle bolts (not provided) should be used.

IMPORTANT SAFETY INSTRUCTIONS - SAVE THESE INSTRUCTIONS

Read all instructions before using this mirror.

DANGER - To reduce the risk of electric shock; Always unplug this mirror from the electrical outlet before cleaning.

WARNING - To reduce the risk of burns, fire, electric shock, or injury to persons:

- Unplug from outlet before putting on or taking off parts.
- Close supervision is necessary when this mirror is used by, or near children, invalids, or disabled persons.
- Use this mirror only for its intended use as described in these instructions.
- Never operate this mirror if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
- Keep the cord away from heated surfaces.
- Never drop or insert any object into any opening.
- Do not use outdoors.
- **WARNING:** Risk of electric shock - Connect this mirror to a properly grounded outlet only. See grounding instructions.

SPECIFICATION:

Mirrors shall have a 1mm thick anodised AL6061 frame. Integral UL recognised power supply must have 24V output and 110 - 277V input along with 0-10V dimming option. Reflective surface shall be 1.5 mm thick and covered with a 0.14 mm PVC film backer with frosted sandblasting. Lead free silver backing shall exceed ISO 9227:2012 and exceed 120-hour corrosion testing. Aluminium mounting panel shall contain key hole slots both top and bottom to provide easy installation and prevent the mirror from pulling away from the wall.

LED Sidelit Mirror shall be Model B-1691 _____ (insert width and height) of Bobrick Washroom Equipment, Inc., Clifton Park, New York; Jackson, Tennessee; Los Angeles, California; Bobrick Washroom Equipment Company, Scarborough, Ontario; Bobrick Washroom Equipment Pty. Ltd., Australia; and Bobrick Washroom Equipment Limited, United Kingdom.
