

## Product Description

The **Rainbow** range of hand sanitization products have been generated from the published World Health Organization recommended handrub formulations. In addition rather than rely purely on the well documented testing dossier provided by the world health organization, all of the **Rainbow** range have been independently tested and accredited at a third party UK laboratory, ensuring full compliance to both BS EN 1276 (with three concentrations) and BS EN 1500.

## Instructions For Use

1. Apply a palmful of the product in a cupped hand covering all surfaces.
2. Rub hands palm to palm.
3. Right palm over left dorsum with interlaced fingers and vice versa,
4. Palm to palm with fingers interlaced.
5. Backs of fingers to opposing palms with fingers interlocked.
6. Rotational rubbing of left thumb clasped in right palm and vice versa.
7. Rotational rubbing, backwards and forwards with clasped fingers of right hand in left palm and vice versa.
8. Once your hands are dry the process is complete.
